Nappy Change and Toilet Training Policy

Date updated: October 2024

Date of next review: October 2025

At Little Muddy Me, we welcome children at all stages of development, including those still in nappies. We have a dedicated nappy-changing area to ensure children are comfortable and cared for in a hygienic and supportive environment.

Supporting Toilet Training

We understand that toilet training is an important milestone, and we are here to support your child on their journey toward independence. To make the process easier for your child, we provide:

- **Toilet Trainer Seats:** For added security and comfort.
- **Steps for Toilets and Wash Basins:** To help children reach safely and build their confidence.

Parent Collaboration

To assist with this transition, we kindly ask parents to:

- Dress children in clothing that is easy to manage, such as leggings or jogging bottoms.
- Avoid clothing with complicated fastenings, such as dungarees or jeans, to encourage independence.

We believe in working together with parents to create a positive and stress-free experience for children as they develop these essential life skills.
